

Transition Exeter
A Low Carbon City

Population: Is it an issue?

Could limiting population be an important step to cutting global carbon emissions? Or is overconsumption the main issue and “population” a red herring?

A discussion introduced by

Pip Hayes – Optimum Population Trust

Sue Kay – Global Centre Devon

and open to all

Tuesday 16th February

The Global Centre, 7 – 9 pm

Exeter Community Centre, St David's Hill, Exeter
